SUMMARY

With over 6 years of experience as an Audio Engineer, I specialize in studio recording, sound mixing, and audio production. I've managed over 100 studio sessions, ensuring top-notch audio quality. My passion for music production and live performances drives me to constantly innovate and achieve the best sound possible.

EXPERIENCE

Audio Engineer

SoundWave Studios

2018 - 2022 San Francisco, CA

Managed studio recording sessions and post-production sound mixing.

- Led recording sessions for diverse genres, from rock to classical.
- Utilized advanced audio equipment to capture pristine sound quality.
- Collaborated with artists to achieve their desired sound during mixing.
- Provided sound design for local theater productions.

Junior Audio Engineer

Echo Studios

2016 - 2018 San Francisco, CA

Assisted senior engineers in recording and mixing sessions.

- Managed equipment setup and breakdown for recording sessions.
- Assisted in sound mixing, focusing on achieving clarity and balance.
- Provided technical support during live performances.
- Maintained and calibrated studio equipment to ensure optimal performance.
